Apparatus_is {Other-s}

Reariting session

with

[Renee Carmichael](#), [Emmanuel Guez](#), [Nick Montfort](#) and [Zombectro](#).

Based on a text by [Annie Abrahams](#)

Duration 20 min.

Session for [SCRIPTING THE OTHER](#), a pavilion (online exhibition) in the third edition of [The Wrong Biennale](#), Nov 1, 2017 - Jan 31, 2018. Curated by [Noemata](#).

Proposed text by Annie Abrahams:

```
#include <apparatus.h>
using namespace std;

style.display="none";
enum t{block, deep, variable, too_hot};
AI = on;
gender = void; //the woman, the perman, the woson, the huwo, the homofemme, the famal,
the malelle, the mascinin, the femulin, the hom'man, the Mensch//
var other;
var machine;
var text;
var airtemperature=variable;
var noise,s;
var bandwidth;
var theory=0; // start without

int you(char *u, int other)
{
    Entangle (int body, char *machine[]){entangle};
    while (cin >> text & cin >>~theory)
    { if (exists(u)) Superposition(u) ;
      else u=explode(text, noise, theory, machine);
        Diffract () {diffract}; //always diffract
        theory+=s;}
    Smooth_talk::c-out <<go DES ++ + s++ <<{other-s}endl;
    return body++;
}

// Apparatus_is {other-s}    obsolete??

Superposition(constant char *u)
{ s::superposition(u);}

/* warning 3262: possible incorrect inference at line 20 */
```

Test session text:

```
#include <body>
using namespace std;
```

```
int us(n)
style.display="none";
var other
var machine
var text
var airtemperature
```

```
{
    Entangle (int other, char *machine[]){entangle};
    while (cin >> text & cin >>~theory)
    {
```

```
        Diffract () {diffract} n;
```

//Diffraction : Phénomène qui se produit lorsque des ondes, quelle que soit leur nature, rencontrent des obstacles ou des ouvertures dont les dimensions sont de l'ordre de grandeur de la longueur d'onde et qui se traduit par des perturbations dans la propagation de ces ondes.

Larousse. - Always diffract//

```
    }
    return 1+;
}
```
